SOBRATOCommunity Conference Center

ROOM SET UP & USE

The facility is a self-service Center meaning that users are responsible for their own meeting set-up and tear-down. If you move any furniture for your event, you are responsible for returning it to its *original location*. No furniture may be taken outside the Center and chairs should not be used to prop open any doors. Your agency may forfeit the right to reserve the Center in the future if the furniture is not returned to its original location.

Meetings supplies, other than the amenities that are confirmed for your meeting use by the Conference Coordinator as part of the reservation process, are the responsibility of your organization.

ROOM CLEAN UP

All meeting room and hospitality areas, as well as the kitchen (if used by your group), must be cleaned up before your agency leaves the facility. You will complete a User Responsibility Checklist confirming that everything has been returned to its original position and that all areas are ready for the next facility user. The completed form should be left with the Conference Center Coordinator as you exit the building or be left at the front desk if the Community Conference Coordinator is not present or it is after business hours. Failure to complete or leave the form may result in your agency forfeiting the right to reserve the Center in the future.

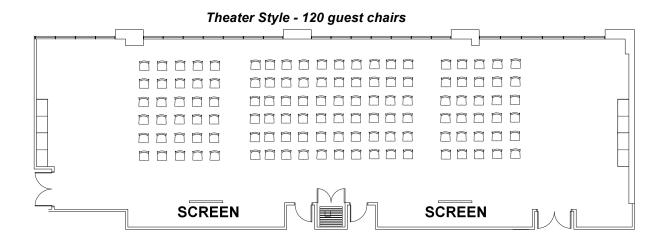

Room Capacities and Layouts
